**WE ARE HIRING!**

For our Italian office in Settimo Milanese, we are looking for a:

## SERVICE TECHNICIAN (M/F/D)

### Your Responsibilities:

- Installation of new equipment at a customer: connect, test functions, calibrate, and optimize production.
- Train customers in the operations and maintenance.
- Perform maintenance activities on equipment and peripherals and consult customers in maintenance topics and process optimization.
- Support customers in technical troubleshooting.
- Close cooperation with our R&D department for continuous product optimization.
- Support of the service hotline.

### Your Background:

- Bachelor's Degree in Engineering, Technical School, or professional apprenticeship with several years of work experience, preferably in the optical industry.
- Experience and know-how in mechanical engineering, prior experience in automation/robotics is a plus.
- High customer orientation with strong communication skills and fluency in English and Italian.
- Team player with sound judgment and decision making.
- Pronounced willingness to travel.

### We offer:

- 🕒 Flexible working hours
- 💰 Attractive remuneration
- 🤝 Good working atmosphere and cooperation
- 🎓 Continuous training opportunities
- 👤 Employee stock program
- 🚗 Free company parking
